

**December 2013**

## **Presidents Corner:**

Hello again, thought I'd tell one and all how the Thanksgiving potluck went. The attendance was the largest I have seen since I've become a member, we lost count after 70. The cooks put forth a splendid repast. Remember this center belongs to its members not individuals. Please come and look for the changes. We look forward to a long future with a great increase in attendance.

Doris Loveday 60+ Caf'e is doing well. We have introduced sandwiches to go along with our soup and they are very popular. Lunch is served Monday, Tuesday and Wednesday starting at 11:00 am until Bingo or Pinochle starts playing. We are serving more drop in customers every day. Remember, lunch then shopping or off to the movies. Or too tired to cook after shopping all morning, stop by for lunch then head home for the afternoon

## **Woodcarvers**

Donna Johnstone Reports: The South County Carvers meet at the Roseburg Senior Center every Tues from 9:00 am to 11:30 am. The Umpqua Wood Carvers meet at the Roseburg Senior Center every Wed from 9:00 am to 11:30 am. Many individuals are members of both groups.

Our carvers range in skills from beginners to advance. We have some classes to help carvers with projects they wish to accomplish or learn. Newcomers are welcome.

People who come to the carving club for the first time generally have a number of questions. Although we do not have an appointed teacher or greeter, there is always someone who can help. People want to know: how to get started carving, will there be help from club members, what supplies are needed, are there patterns available, are specific projects required, etc.?

## **The Grand Victorian**
